## Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[Tokay Grape Order 2, Amdt. 1]

## PART 951—TOKAY GRAPES GROWN IN CALIFORNIA

## LIMITATION OF DAILY SHIPMENTS

**Findings.** (1) Pursuant to the marketing agreement, as amended, and Order No. 51, as amended (7 CFR Part 951; 14 F. R. 440), regulating the handling of Tokay grapes grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Industry Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of Tokay grapes, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than September 11, 1949. Shipments of Tokay grapes of the current crop are subject to regulation by grades and sizes pursuant to Tokay Grape Order 1 (§ 951.304; 14 F. R. 5186), which has been in effect since August 20, 1949, and is to continue until January 1, 1950; the advisable quantity of such of the Tokay grapes as are eligible for shipment on the basis of such Order 1 was fixed at 88,400 standard packages pursuant to Tokay Grape Order 2 (§ 951.305; 14 F. R. 5341); Tokay Grape Order 2 will terminate, unless its termination date is postponed, at 12:01 a. m., P. s. t., September 11, 1949; a reasonable determination as to the need for continued regulation of the volume of daily shipments of Tokay grapes after September 10, 1949, must await the availability of information relative to the probable supply and demand conditions for such grapes; information available to the committee on September 5, 1949, was to the effect that, without regulation of the volume of daily shipments of such grapes, the supply thereof during the period September 11 through September 25, 1949, will exceed the demand therefor, and recommendation and supporting information for continued regulation on the same basis as set forth in said Tokay

Grape Order 2 was forwarded promptly to the Department and made available to handlers and producers of Tokay grapes; the provisions of this amended regulation are the same as the aforesaid recommendation of the committee; and compliance with the provisions of this amended regulation will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

**Order, as amended.** Tokay Grape Order 2 (§ 951.305; 14 F. R. 5341) is hereby amended by deleting from § 951.305 (b) (1) the date "September 11, 1949" and inserting, in lieu thereof, the date "September 26, 1949".

## PART 951—TOKAY GRAPES GROWN IN CALIFORNIA

## LIMITATION OF LOADING AND PACKAGING

## § 951.307 Tokay Grape Order 4—(a)

**Findings.** (1) Pursuant to the marketing agreement, as amended, and Order No. 51, as amended (7 CFR Part 951; 14 F. R. 440), regulating the handling of Tokay grapes grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Industry Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that to limit completely the loading and packaging of Tokay grapes, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than September 10, 1949. The maximum quantity of Tokay grapes currently permitted to be released each day from assembly points for continued shipment is

regulated pursuant to the provisions of Tokay Grape Order 2 (§ 951.305; 14 F. R. 5341), whereby the advisable quantity to be released each day is fixed at not more than 88,400 standard packages; in accordance with the provisions of the amended marketing agreement and order, the maximum time that Tokay grapes may be held at assembly points is seventy-two (72) hours; information available to the Industry Committee on September 5, 1949, was to the effect that, in the absence of additional regulation pursuant to the applicable provisions of the amended marketing agreement and order, the quantity of Tokay grapes loaded or en route to assembly points will, beginning on or about September 10, 1949, be substantially in excess of 88,400 standard packages; recommendation as to the need for, and the extent of, regulation of loading and packaging of Tokay grapes was made at the meeting of said committee on September 5, 1949, at which time the recommendation and supporting information were transmitted to the Department and made available to handlers and producers of Tokay grapes; the provisions of this section are the same as the aforesaid recommendation of the committee; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed prior to the effective time hereof.

(b) **Order.** During the period beginning at 12:01 a. m., P. s. t., September 10, 1949, and ending at 12:01 a. m., P. s. t., September 12, 1949, no handler shall load or package grapes for shipment to assembly points.

(c) **Definitions.** As used in this section, the terms "shipments," "shipped," "grapes," "handler," "load," "package," and "advisable" shall have the same meaning as when used in said amended marketing agreement and order; and "standard packages" and "assembly points" shall have the meaning set forth therefor in § 951.101 of the Industry Committee regulations (7 CFR Part 951).

## TITLE 21—FOOD AND DRUGS

## Chapter I—Food and Drug Administration, Federal Security Agency

## PART 146—CERTIFICATION OF BATCHES OF ANTIBIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

## PROCAINE PENICILLIN FOR AQUEOUS INJECTION

By virtue of the authority vested in the Federal Security Administrator by the provisions of section 507 of the Federal

Food, Drug, and Cosmetic Act (52 Stat. 1040, 1055, as amended by 59 Stat. 463, 61 Stat. 11, and Pub. Law 164, 81st Cong.; 21 U. S. C. 357) the regulations for certification of batches of antibiotic and antibiotic-containing drugs (12 F. R. 2231; 13 F. R. 2475, 2950, 4186; 14 F. R. 3263, 4871, 5343) are amended as indicated below.

1. In § 146.47 *Procaine penicillin for aqueous injection*, paragraph (b) *Packaging* is amended by changing the last sentence, beginning with the words "If it is the aqueous suspension", to read: "If it is the aqueous suspension of the drug, each such container shall contain not less than 1 milliliter and not more than 10 milliliters, and each shall be filled with a volume in excess of that designated, which excess shall be sufficient to permit the withdrawal and the administration of the volume indicated, whether administered in either single or multiple doses."

2. In § 146.47, subparagraph (2) of paragraph (c) *Labeling* is amended to read as follows:

(2) On the outside wrapper or container, if it is the aqueous suspension of the drug, the statement "Store in refrigerator not above 5° C. (41° F.)" or "Store below 5° C. (41° F.)" unless the person who requests certification has submitted to the Commissioner results of tests and assays showing that after having been stored for 1 year at room temperature, such drug as prepared by him complies with the standards prescribed by paragraph (a) of this section.

This order, which provides for packaging of an aqueous suspension of procaine penicillin for aqueous injection in from 1 to 10 milliliter size containers and for storage of such drug at room temperature if it has been demonstrated to the Commissioner that having been so stored for one year the drug complies with the promulgated standards, shall become effective upon publication in the *FEDERAL REGISTER*, since both the public and the affected industry will benefit by the earliest effective date, and I so find.

Notice and public procedure are not necessary prerequisites to the promulgation of this order and would be contrary to public interest, and I so find, since it was drawn in collaboration with interested members of the affected industry and since it would be against public interest to delay the packaging of an aqueous suspension of procaine penicillin in from one to ten milliliter size containers and for storage of such drug at room temperature if it has been demonstrated to the Commissioner that having been so stored for one year the drug complies with the promulgated standards.

(52 Stat. 1040, as amended; 21 U. S. C. 357)

Dated: August 31, 1949.

Acting Administrator.

## TITLE 26—INTERNAL REVENUE

### Chapter I—Bureau of Internal Revenue, Department of the Treasury

#### Subchapter B—Estate and Gift Taxes

[T. D. 5741]

#### PART 81—ESTATE TAX UNDER CHAPTER 3 OF THE INTERNAL REVENUE CODE, AS AMENDED

##### TRANSFERS INTENDED TO TAKE EFFECT AT OR AFTER DEATH

On April 15, 1949 notice of proposed rule making regarding the application of the Federal estate tax to transfers intended to take effect at or after death was published in the *FEDERAL REGISTER* (14 F. R. 1824). After consideration of all such relevant matter as was presented by interested persons regarding the rules proposed, the amendments to Regulations 105 (26 CFR, Part 81) set forth below are hereby adopted. Such amendments are necessary to conform such regulations to the decision of the United States Supreme Court in *Commissioner v. Estate of Francois L. Church*, 335 U. S. 632. No amendments are required as a result of the decision in *Estate of Sidney M. Spiegel v. Commissioner*, 335 U. S. 701.

PARAGRAPH 1. Section 81.17, as amended by Treasury Decision 5512, approved May 1, 1946, is further amended as follows:

(A) By striking from the first paragraph the second sentence (which begins with the words "The decedent shall not be deemed") and the third sentence (which begins "For regulations") and inserting in lieu thereof the following: "A right to the possession or enjoyment of, or a right to the income from, the property, or the right to designate the persons who shall possess or enjoy the property or the income therefrom, constitutes a right or interest in the property. (See also §§ 81.18 and 81.19.)"

(B) By striking from the last sentence of the first paragraph the words "last paragraph" and inserting in lieu thereof "next to the last paragraph".

(C) By striking from the fourth sentence in example (5) the word "also" and by inserting immediately preceding the period at the end of such sentence the following: ", and is also satisfied by reason of the decedent's life estate".

(D) By striking out example (6) in its entirety and inserting in lieu thereof the following example:

*Example (6).* The decedent, during his life, transferred property in trust, providing that the income be accumulated and added to corpus until his death, and that the corpus be paid at decedent's death in equal shares to his surviving children. The share of any child who should predecease the decedent was to be paid to his issue, or, if no issue survived the decedent, to other children of the decedent or their issue. If no children and no issue of any child should survive the decedent, the corpus was to be paid to the next of kin of the decedent. It is assumed for the purposes of this example that the disposition to "the next of kin of the decedent" creates a remainder in the persons who at his death are his next of kin and not a reversion to the decedent's estate. In this case, the decedent has parted with

every right and interest in the property and hence requirement (2) is not satisfied. Accordingly, no part of the property is includible in the decedent's gross estate under this section.

(E) By inserting at the end of such section the following:

In the case of a decedent who died on or before January 17, 1949, the date of the decision of the United States Supreme Court in *Commissioner v. Estate of Francois L. Church*, 335 U. S. 632, property transferred by the decedent shall not be included in his gross estate under this section if the decedent's only right or interest in the property consisted of an estate for his life. (See, however, §§ 81.18 and 81.19.)

PAR. 2. Section 81.18 is amended by inserting immediately before the second sentence (which begins with the words "A reservation") the following: "(See, however, § 81.17.)"

PAR. 3. Section 81.19 is amended by inserting at the end of the third paragraph (but not as a part of subparagraph (2) thereof) the following: "(See, however, § 81.17.)"

(Sec. 3791, I. R. C., 53 Stat. 467; 26 U. S. C. 3791)

Commissioner of Internal Revenue.

Approved: September 6, 1949.

Acting Secretary of the Treasury.

##### APPOINTMENT IN THE AIR FORCE RESERVE WITHOUT PRIOR COMMISSIONED SERVICE

§ 861.90 *General.* Any male or female citizen of the United States who is mentally, physically, and morally qualified, under existing law and the provisions of the regulations contained in §§ 861.90 to 861.96, may apply for appointment to a commissioned grade in the Air Force Reserve. In general, §§ 861.90 to 861.96 govern the transition of individuals from civilian, enlisted, warrant officer, and flight officer status to commissioned officer status in the Air Force Reserve.

§ 861.91 *Definitions.* (a) An "applicant" is any person who has submitted an application as prescribed in the regulations contained in §§ 861.90 to 861.96.

(b) A "processed applicant" is one who has completed the appropriate examining procedures.

(c) A "selected applicant" is one who has been selected for commission.

(d) "Air force commanders" are the commanding generals of the numbered air forces of the Continental Air Command.

(e) "Overseas commanders" include the commanding generals of all major air commands outside the continental limits of the United States.

§ 861.92 *Requirements.* Individuals applying for appointment under the provisions of regulations contained in §§ 861.90 to 861.96 must meet the following requirements:

(a) *Age.* Applicants, except former prisoners of war, must be at least 21 years of age at time of application and not have passed their 28th birthday at time of receipt of application by the appropriate air force or overseas commanders. Former prisoners of war applying for appointment under the provisions of § 861.93 (b) must not have passed their 35th birthday at time of receipt of application by the Air Force or overseas commander.

(b) *Citizenship.* Each applicant must be a citizen of the United States. Applicants who are not citizens of the United States by birth must provide evidence of citizenship. In the case of United States citizenship by naturalization, this may be in the form of a certificate by an officer as follows:

I certify that I have this date seen the original certificate of citizenship number \_\_\_\_\_ (or certified copy of the court order establishing citizenship) stating that \_\_\_\_\_ was admitted to \_\_\_\_\_

(County) (State) (Date)

(Age)

Under no circumstance will facsimiles or copies, photographic or otherwise, of naturalization certificates be made.

(c) *Mental.* Each applicant must have obtained a score of 110 or higher in the Army General Classification Test. Applicants who fail to obtain a score of 110 or higher will not be permitted to continue with the processing. The Army General Classification Test will be administered under the supervision of an examining board to each applicant on whom a score is not available.

(d) *Educational.* Each applicant who applies under a provision of the regulations contained in §§ 861.90 to 861.96 which does not specifically require a college degree must have completed at least two years of college education (i. e., attained 50 percent of the credits required for attainment of a baccalaureate degree). Applicants who do not meet the foregoing requirement may qualify by passing or having passed the Aviation Cadet-Officer Candidate educational ex-

amination. Applicants who request authority to take the educational equivalent examination must have graduated from a high school or an accredited preparatory school of equivalent educational level. (No waivers of this educational requirement will be granted.)

(e) *Moral.* Each applicant must be possessed of high moral character and personal qualifications.

(f) *Physical qualifications.* (1) All applicants will be required to have a complete final-type physical examination. The report of physical examination for all personnel will be recorded on the appropriate medical examination form, as may be prescribed at the time of examination.

(2) No waiver for physical defects will be granted, except as outlined in subparagraph (3) of this paragraph.

(3) Examining medical boards may make such recommendations as they believe to be in the best interests of the service relative to waiving physical defects. Waivers may be recommended in those cases where the applicant does not meet the prescribed physical standards, but where the physical defects:

- (i) Are static in nature.
- (ii) Are not subject to complication or aggravation by reason of military duty.
- (iii) Will not interfere with the satisfactory performance of full military duty.
- (iv) In the case of flying personnel, will not compromise flying safety.
- (v) Will not necessitate hospitalization of time-loss from duty. Reservists who are granted waivers for physical defects as outlined above will be considered as falling within the physical classification of general service with waiver.

(g) *Extension course.* All applicants must have successfully completed the Pre-Commission Extension Course as outlined in current directives.

§ 861.93 *Eligibility.* The following persons, whether in active service or not, are eligible to apply for direct appointment in the Air Force Reserve:

(a) Individuals who have served a minimum of six months of active service between December 7, 1941, and date of application in the Air Force of the United States or one of its components, or the Air Corps of the Army of the United States, and have attained the grade of warrant officer, flight officer, or one of the first three enlisted grades, may apply for appointment as second lieutenant.

(b) Individuals referred to in paragraph (a) of this section, who were recommended for, or tendered appointment to a commissioned grade, but who were taken prisoner of war, thereby foregoing final action on the recommendation for or acceptance of appointment, may apply for appointment as first lieutenant. Individuals applying under this paragraph must, in the absence of official records to substantiate claims of having been recommended for or tendered appointment, procure and submit a certificate from one or more disinterested officers or former officers substantiating such claim.

(c) Individuals otherwise eligible under paragraph (a) of this section, but whose service was in a grade lower than one of the first three enlisted grades, who

are graduates of an accredited college or university where Reserve Officers' Training Corps advanced training was non-existent at time of attendance or whose academic training period prior to graduation was not of sufficient duration for the individual to complete the advanced Reserve Officers' Training Corps course, may apply for appointment as second lieutenant. Female applicants applying under the provisions of this paragraph may be graduates of any accredited college or university.

§ 861.94 *Ineligibles.* The following persons are not eligible for appointment under the provisions of regulations contained in §§ 861.90 to 861.96 and their applications will not be accepted:

(a) Those who have been or are presently conscientious objectors.

(b) Those who have a record of conviction by any type of court-martial or by any civil court for other than minor traffic violations. A request for waiver may be submitted to the Chief of Staff, United States Air Force, in the case of minor violations which are not considered prejudicial to performance of duty as an officer. No waiver involving convictions for moral turpitude will be considered.

(c) Those who have been separated from the service:

(1) Under other than honorable conditions.

(2) For unsatisfactory service.

(3) By reason of resignation in lieu of court-martial or reclassification.

(4) As a result of reclassification or court-martial.

(d) Those who have held or are now holding a commission in any of the components of the Armed Forces of the United States.

(e) Females without prior service who are married and/or who have a dependent or dependents under 18 years of age or a child or children under 18 years of age. The fact that the applicant does not have legal custody of the child or children will not remove the disqualification.

§ 861.95 *Method of application.*—(a) *Applications and allied papers.* Interested individuals may obtain blank forms at any installation, recruiting office, National Guard or Reserve unit, or by writing to the air force or overseas commander having jurisdiction over the area in which they reside. In assembling the application prior to forwarding, the applicable requirements listed in subparagraphs (1) to (9) of this paragraph will be used as a check list to insure that all necessary information and papers have been included, thus precluding delays which will result from the return of incomplete applications. The following documents, properly completed, constitute the application and allied papers:

(1) Air Force Form 24 (Application for Appointment in the United States Air Force Reserve) in triplicate. Plain sheets of paper, attached to the application, may be used for inclusion of additional information for which there is insufficient space on the application form.

(2) WD AGO Form 643A (Personal History Statement) in duplicate.

(3) True or photostat copy of honorable discharge certificate, or certificate of service, when applicable.

(4) Documentary evidence of educational level.

(5) Certificate of Army General Classification Test score from unit commander in the case of individuals in active service, or from the unit having custody of the records in the case of warrant officers, flight officers and enlisted personnel not in active service if the records are available within the area of the air force concerned.

(6) Certificate agreeing to serve on active duty (when appropriate).

(7) Air Force Form 125 (Application for Extended Active Duty with the United States Air Force), one copy only (when appropriate).

(8) A certificate, signed by an official of the cognizant service authorized to accept resignations or approve discharges, that the applicant, if a member of the Air National Guard or the United States Army, Navy, Marine Corps, or any of the components thereof, will be separated from his current status if tendered an appointment in the Air Force Reserve.

(9) Any other documents or information the applicant may desire to submit as evidence of qualification for appointment under the provisions of the regulations contained in §§ 861.90 to 861.96.

(b) *Channels of communication.* Applications and allied papers will be forwarded as follows:

(1) Personnel on active duty—through channels to the air force commander having jurisdiction over the Air Force area in which applicant is stationed; or, if stationed overseas, to the Commanding General, Far East Air Forces, United States Air Force in Europe, Alaskan Air Command, or Caribbean Air Command, as appropriate.

(2) Personnel on inactive duty—enlisted members of the Air Force Reserve, through the commanding officer of the Reserve training center to which assigned, to the appropriate air force commander.

(3) All others—direct to the air force commander having jurisdiction over the Air Force area in which applicant resides (see § 861.23, 13 F. R. 8752), or when appropriate, to the overseas commander concerned.

(c) *Action on applications.* The applicant who meets the minimum requirements of the regulations contained in §§ 861.90 to 861.96, with the exception of physical standards, will receive written authorization to take the physical examination at the nearest military installation. (Physical examinations, in which a recommendation for consideration of a waiver for physical defects has been made, will be forwarded to the Commanding General, Continental Air Command, for consideration, and further action on the application will be suspended pending return of the report. Oversea commanders will grant their own waivers.) Applications, with the physical examination withdrawn, which do not meet the necessary requirements, will be returned to the applicants with a statement as to the reason(s) such applica-

tions are not acceptable. Applicants will be aided as far as practicable, in obtaining all forms, documents, waivers, physical examinations, etc., that are required. When applications of those applicants who meet the initial requirements are in proper order and ready for processing, they will be transmitted to an examining board situated near the applicant's residence. The applicant will be notified of the time and place of appearance before the examining board for interview. Applicants not in the active military service must provide for travel, quarters, and meals at their own expense. Applicants will be so scheduled that, as far as practicable, no one will have to spend more than one day at the place of examination.

§ 861.96 *Appointment, rejection and reapplication.* Each processed applicant ultimately will be notified by the Chief of Staff, United States Air Force, through the air force or oversea commander, of his appointment or rejection for appointment. Processed applicants who are not selected for appointment are not eligible to reapply for appointment under the provisions of regulations contained in §§ 861.90 to 861.96 until the expiration of a period of one year from date of rejection notification.

## TITLE 50—WILDLIFE

### Chapter I—Fish and Wildlife Service, Department of the Interior

#### Subchapter C—Management of Wildlife Conservation Areas

#### PART 33—CENTRAL REGION

#### DEER HUNTING IN MUD LAKE NATIONAL WILDLIFE REFUGE, MINNESOTA

**Basis and purpose.** On the basis of observations and reports of field representatives of the Fish and Wildlife Service and of the Minnesota Conservation Department, it has been determined that there is a surplus of deer on and in the vicinity of the Mud Lake National Wildlife Refuge, the removal of which, in keeping with wildlife management objectives, can best be accomplished by public hunting on a part of the refuge.

Since the following regulations are relaxations of the present prohibition against hunting on the Mud Lake National Wildlife Refuge, the notice and public rule-making procedure required by the Administrative Procedure Act (60 Stat. 237, 5 U. S. C. 1001 et seq.) are hereby found to be impracticable, and the effective date requirement of the Administrative Procedure Act does not apply.

Effective on the date of publication of this document in the FEDERAL REGISTER, the following subpart is added:

#### SUBPART—MUD LAKE NATIONAL WILDLIFE REFUGE, MINNESOTA

##### DEER HUNTING

- Sec.  
33.121 Deer hunting permitted.  
33.122 Entry.  
33.123 State hunting laws.  
33.124 State cooperation.

AUTHORITY: §§ 33.121 to 33.124 issued under 50 CFR 21.31, 13 F. R. 9350.

#### SUBPART—MUD LAKE NATIONAL WILDLIFE REFUGE, MINNESOTA

##### DEER HUNTING

§ 33.121 *Deer hunting permitted.* Deer may be taken during the 1949 State open season in accordance with the laws and regulations of the State of Minnesota on such lands of the United States within the Mud Lake National Wildlife Refuge as may be designated by suitable posting by the officer in charge of the refuge, subject to the provisions, condi-

tions, restrictions, and requirements of §§ 33.122 to 33.124.

§ 33.122 *Entry.* Entry on and use of the refuge are governed by the regulations in Parts 18 and 21 of this chapter, and strict compliance therewith is required. Hunters must follow such routes of travel within the refuge as are designated by posting by the officer in charge. Hunters, when entering and leaving the public hunting area, must report to representatives of the Service or the State at checking stations established for the purpose of regulating the hunt.

§ 33.123 *State hunting laws.* Strict compliance with all State laws and regulations is required, and any person who hunts on the refuge must have in his possession and exhibit at the request of any authorized Federal or State officer a valid State hunting license for the taking of deer, if such is required by the State laws and regulations, which license shall serve as a Federal permit for the hunting of deer on the refuge.

§ 33.124 *State cooperation.* State cooperation may be enlisted in the regulation, management, and operation of the public hunting area, and the State may promulgate such special regulations as may be necessary for such regulation, management, and operation. In the event such State regulations are issued, compliance therewith shall be a requisite to the lawful entry for the purpose of hunting. The officer in charge of the refuge may suspend hunting privileges upon the taking of the maximum number of deer determined to be surplus by mutual agreement with the Minnesota Conservation Department.

#### PART 34—SOUTHEASTERN REGION

#### HUNTING IN ST. MARKS NATIONAL WILDLIFE REFUGE, FLORIDA

**Basis and purpose.** On the basis of observations and reports of field representatives of the Fish and Wildlife Service, it has been determined that there is an overabundant population of squirrel and quail, as well as certain predators, including fox, opossum, raccoon, and bobcat, in certain parts of the St. Marks National Wildlife Refuge, the removal of which, in keeping with wildlife management objectives, can best be accomplished by allowing these animals to be taken by public hunting.

Since the following regulations are relaxations of the present prohibition against hunting and the use of dogs on the St. Marks National Wildlife Refuge, the notice and public rule-making procedure required by the Administrative Procedure Act (60 Stat. 237, 5 U. S. C. 1001 et seq.) are hereby found to be impracticable, and the effective date requirement of the Administrative Procedure Act does not apply.

## National Park Service

## MEMORANDUM OF AGREEMENT WITH DISTRICT OF COLUMBIA RECREATION BOARD

## PUBLIC RECREATIONAL FACILITIES

This memorandum of agreement, entered into by and between the District of Columbia Recreation Board, hereinafter referred to as the "Board", acting by and through its Chairman, and the National Park Service of the United States Department of the Interior, acting by and through the Director of the National Park Service:

Whereas, the National Park Service, acting through National Capital Parks, is administering the park system in the District of Columbia under the supervision of the Secretary of the Interior; and,

Whereas, the Board, pursuant to the authority contained in Article II, section 3 of the act of April 29, 1942 (56 Stat. 261, 263), desires to conduct a program of public recreation in recreation centers, playfields, sports and athletic fields, playgrounds, tennis courts, golf courses, and

other facilities in that part of the park system within the District of Columbia; and.

Whereas, the public properties administered by the National Park Service which the Board desires to use for the above purposes, with the exception of those facilities mentioned in section (3) hereof, include those recommended by the National Capital Park and Planning Commission, in accordance with a comprehensive plan, as suitable and desirable units of the District of Columbia Recreation system; and.

Whereas, the establishment of a program of public recreation by the Board will be in accord with the operation, use, and purpose for which the said park areas and facilities were acquired or created; and.

Whereas, the Board and the National Park Service desire to enter into an agreement pursuant to Article III, sections 2, 3, and 4 of the act of April 29, 1942, whereby certain park lands and recreational facilities located thereon may be made available to the Board for the conduct of its program of public recreation.

Therefore, be it agreed:

(1) The Board may conduct public recreation activities and programs in the park areas shown on the list which is attached hereto, made a part of this agreement, and entitled Exhibit 1. The portions of the areas to be used shall be arranged between the Board and the Superintendent of National Capital Parks in accordance with the needs and objectives of both agencies.

(2) Other park areas and facilities not now described in Exhibit 1 may be made available by the National Park Service to the Board for recreation from time to time, on the terms and conditions of this agreement. The addition of such areas or facilities will be evidenced in a written supplement to this agreement signed by the authorized representatives of the parties hereto.

(3) The facilities operated by a concessioner under contract authorization by the Department of the Interior, shown on the list which is attached hereto, made a part of this agreement, and entitled Exhibit 2, will be included within this agreement as soon as arrangements therefor, satisfactory to the parties hereto, can be made with the concessioner operating the facility. The Department of the Interior and the Board will cooperate in effecting such arrangements with the concessioner as rapidly as is consistent with the existing concession contract of the concessioner, including arranging for the liquidation of any claims which the concessioner may have. So long as this agreement is in force, no further concession contract will be issued by the Department of the Interior for the operation of the facilities listed in Exhibit 2 without prior consultation with the Board. Pending the inclusion of these facilities under the terms of this agreement, the Board may utilize them in accordance with satisfactory arrangements for such utilization made with the concessioner of such facility

with the approval of the Director of the National Park Service.

(4) The Board's use of any of the listed areas or facilities for the purpose of carrying out its program of public recreation may continue until such time as may be fixed by the Secretary of the Interior in a notification to the Board that, in his opinion, (a) the use of such area or facility for recreation purposes interferes with the use or purpose for which such ground, building, or facility was acquired or created, or (b) changed conditions or the Federal program for the development of such area require that recreational use of the area be discontinued during the time of such development or that the area be devoted to other purposes, or (c) the use of such area or facility is in violation of the terms of this agreement. The Board shall have the right to relinquish the use of any of the listed areas or facilities upon 30 days' notice at any time.

(5) The Board will, pursuant to the act of April 29, 1942, determine all questions of general policy relating to the conduct of programs of public recreation in and for the District of Columbia, not inconsistent with the regulations of the Department of the Interior governing the use of the National Capital Parks. With respect to the activities and facilities on the areas listed in Exhibits 1 and 2 as to all of which it is the policy of the Department of the Interior that they be operated on the basis of being open to use by all people irrespective of their race, creed, color or national origin, none of them shall be restricted to use by any people on the basis of race, creed, color or national origin.

(6) In accordance with section 2, Article II, Chapter I of the Board's by-laws, rules and regulations, as adopted by the Board on July 20, 1949, the Board will make every possible and realistic effort toward the removal of racial segregation in public recreation in such sequence and at such rate of progression as may be consistent with the public interest, public order and effective administration, with respect to the facilities and the public activities and programs which the Board now supervises on areas not listed in Exhibits 1 and 2.

(7) The National Park Service reserves the right, after notice to the Board, to withdraw temporarily from the Board's use any area subject to this agreement when it is needed for a special public function or purpose.

(8) Within the limitations of public appropriations the National Park Service will maintain the grounds and make all physical improvements in the areas and the facilities subject to this agreement with due consideration to the recommendations made by the Board. Funds made available to the Recreation Board and transferred to the National Park Service for maintenance and improvements of areas listed under Exhibit 1 shall be expended by the National Park Service as directed by the Recreation Board with concurrence of the National Park Service. Maintenance and physical improvements of facilities listed in Exhibit 2 and included in this agreement

pursuant to section (3) shall be the subject of separate agreements as provided in section (3).

(9) No contract made by the Board with any private person, corporation or association for the operation of any of the listed facilities shall be effective until the Director of the National Park Service notifies the Board that the National Park Service has no objection to the contract, or until the contract is presented to the Director and 30 days have elapsed without any notification by the Director to the Board that the National Park Service has or does not have objection to the contract, whichever is sooner.

(10) Nothing in this agreement shall be construed as affecting the jurisdictional status of those areas of the Park System assigned for playground purposes under the act of June 6, 1924 (43 Stat. 463) which the Solicitor of the Department of the Interior on August 2, 1948 (M-34963) held are under the jurisdiction of the Department of the Interior and subject to agreements between the Board and the National Park Service under the act of April 29, 1942, but which the Chairman of the National Capital Park and Planning Commission, in a letter dated August 31, 1948, and the Corporation Counsel of the District of Columbia in an opinion dated November 16, 1948, held are under the jurisdiction of the Board of Commissioners of the District of Columbia.

(11) This agreement, consummated pursuant to the authority contained in the act of April 29, 1942, shall remain in effect until canceled upon 30 days' notice by either party to this agreement.

Dated this 26th day of August 1949.

Penn Corp proposes to sell its entire present interest in York, consisting of 4,506 shares of capital stock of York as aforementioned. The shares of stock will be sold for cash pursuant to public invitation for proposals to purchase such stock; the sale price of the stock, which will be determined by the highest acceptable bid received, is to be supplied by amendment.

The filing states that the net proceeds from the sale of such shares of York's capital stock will be used to make pro rata cash payments to the holders of Penn Corp's outstanding debentures, pursuant to a plan previously filed under section 11 (c) and as to which hearings commenced on August 23, 1949 (Holding Company Act Release No. 9253). This plan proposes, among other things, the use of the proceeds from the disposition of Penn Corp's interest in York and certain other subsidiaries of Penn Corp, together with other funds, to retire Penn Corp's outstanding debentures by pro rata cash payments, from time to time, to the holders thereof, without payment of premium.

Penn Corp contemplates that the 4,506 shares of York's capital stock will be sold prior to the issuance by York of subscription warrants in connection with York's proposed sale of additional common stock. However, Penn Corp proposes, in the event that the sale of its holdings of York's capital stock is not consummated prior to the proposed issuance by York of subscription warrants, to subscribe for and purchase 901 shares of York's additional capital stock by exercising all the Full Share Subscription Warrants which it will be entitled to receive, and to sell the Fractional Shares Subscription Warrants to which it will be entitled.

The filing indicates that the acquisition by Penn Corp of 901 additional shares of York's capital stock through the exercise of subscription rights will involve only temporary ownership

thereof by Penn Corp in view of the above-mentioned Commission's outstanding order of September 3, 1948, directing Penn Corp to dispose of, among other things, its interest in York.

York proposes to transfer to Penn Corp all of York's holdings of capital stock of Penn-Western, consisting of 120 shares of such capital stock, originally received as a donation from Penn Corp. The present service contract will be terminated on December 31, 1949, and it is contemplated that York and Penn-Western will enter into a new nine-month contract providing for the continuance of non-managerial and non-supervisory services to be rendered to York upon request, principally in connection with York's program, now in progress, for effecting a change-over from mixed natural and manufactured gas to straight natural gas.

The filing states that within 60 days after the disposition by Penn Corp of its interest in York, all interlocking relationships in respect of officers and directors will be eliminated between York on the one hand and Penn-Western, or Penn Corp or any of its subsidiary companies, on the other hand.

Penn Corp has requested that the Commission's order be issued as soon as practicable and that it become effective forthwith upon issuance.

Notice is further given that any interested person may, not later than September 16, 1949, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application-declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after September 16, 1949, said application-declaration as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

AFFILIATED FUND, INC. AND AMERICAN  
BUSINESS SHARES, INC.

#### NOTICE OF APPLICATION

At a regular session of the Securities and Exchange Commission held at its offices in Washington, D. C., on the 2d day of September A. D. 1949.

Notice is hereby given that Affiliated Fund, Inc. ("Affiliated"), of 63 Wall Street, New York, N. Y., and American Business Shares, Inc. ("American"), of 63 Wall Street, New York, N. Y., open-end diversified management companies

registered under the Investment Company Act of 1940, have filed an application pursuant to section 6 (c) of the act for an order exempting from the provisions of section 17 (a) of the act certain proposed transactions whereby: (1) Affiliated would sell to American and American would purchase from Affiliated 10,000 shares of common stock of United States Rubber Company on the basis of the closing sale quotations on the New York Stock Exchange on the day the requested exemption is granted or as soon as practicable thereafter, and (2) American would sell to Affiliated and Affiliated would purchase from American 5,000 shares of common stock of Hercules Powder Company and 12,200 shares of common stock of Standard Oil Company (New Jersey) on the basis of the closing sale quotations on the New York Stock Exchange on the day the requested exemption is granted or as soon as practicable thereafter.

It appears from the application that each applicant is an affiliated person of the other, and that Lord, Abbett & Co. ("Lord Abbett") is the investment adviser of both applicants. Lord Abbett has recommended: That Affiliated dispose of its investment in common stock of United States Rubber Company; that American make a substantial investment in the common stock of United States Rubber Company; that American dispose of its investments in the common stocks of Hercules Powder Company and Standard Oil Company (New Jersey); and that Affiliated make a substantial investment in the common stocks of Hercules Powder Company and Standard Oil Company (New Jersey). It further appears that the current aggregate market values of the above-mentioned investments are approximately \$335,000 for the 10,000 shares of common stock of United States Rubber Company, \$239,000 for the 5,000 shares of common stock of Hercules Powder Company, and \$831,000 for the 12,200 shares of common stock of Standard Oil Company (New Jersey).

For a more detailed statement of the matters of fact and law asserted, all interested persons are referred to said application which is on file in the offices of the Commission in Washington, D. C.

Notice is further given that an order granting the application may be issued under section 17 (b) of the act by the Commission at any time on or after September 21, 1949, unless prior thereto a hearing upon the application is ordered by the Commission as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may, not later than September 19, 1949, at 5:30 p. m., submit in writing to the Commission his views or any additional facts bearing upon this application or the desirability of a hearing thereon, or request the Commission in writing that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and

the issues of fact or law raised by the application which he desires to controvert.
